On October 1st, 2013 CIRM, the AIDS Research Institute, and the Gladstone Institutes sponsored an informative, interactive Town Hall forum on HIV cure research in San Francisco's State Building. The event included brief presentations and a panel discussion by a distinguished lineup of scientists, clinicians, and advocate who provided the latest news in cure research from HIV conferences, the Martin Delaney AIDS Cure Research Collaborative, the biotech industry, and the California Institute for Regenerative Medicine (CIRM).

Videos of the event are now available on our website ([click here](#)).

Speakers include:

- Steve Deeks – DARE/UCSF Division of HIV/AIDS
- Mike McCune – DARE/UCSF Division of Experimental Medicine
- Hans-Peter Kiem – DefeatHIV/Fred Hutchinson Cancer Center
- Warner Greene – CARE/Gladstone Institutes
- Alan Trounson – CIRM
- Louis Bretton - Calimmune
- Matt Sharp - HIV activist and advocate
- Maria Millan – CIRM
